#### Funding Sources

##### No Funding Sources Found

#### Narratives

##### Mitigation Needs Assessment:

According to HUD guidance in the Notices, CDBG-MIT funds represent a unique and significant opportunity for grantees to use this assistance in areas impacted by recent disasters to carry out strategic and high-impact activities to mitigate disaster risks and reduce future losses. HUD guidance further specifies that CDBG-MIT funds are closely aligned with FEMA funds for a similar purpose, such as the Hazard Mitigation Grant Program (HMGP). To align closely with FEMA guidance and best practices, as well as the CDBG-MIT specific requirements, the State has reviewed the resources required by HUD in the Notice:

- The Federal Emergency Management Agency Local Mitigation Planning Handbook o [https://www.fema.gov/sites/default/files/2020-06/fema-local-mitigationplanning-handbook\\_03-2013.pdf](https://www.fema.gov/sites/default/files/2020-06/fema-local-mitigationplanning-handbook_03-2013.pdf)
- The Department of Homeland Security Office of Infrastructure Protection Fact Sheet o <https://www.cisa.gov/sites/default/files/publications/ip-fact-sheet-508.pdf>
- The National Association of Counties, Improving Lifelines: Protecting Critical Infrastructure for Resilient Communities o [https://www.naco.org/sites/default/files/documents/NACo\\_ResilientCounties\\_Lifelines\\_Nov2014.pdf](https://www.naco.org/sites/default/files/documents/NACo_ResilientCounties_Lifelines_Nov2014.pdf)
- The U.S. Department of Housing and Urban Development CPD Mapping Tool o <https://www.hudexchange.info/resource/2129/cpd-maps-consolidated-planand-continuum-of-care-planning-tool/>

Other resources were supplied by HUD, such as the National Interagency Coordination Center (NICC) for coordinating the mobilization of resources for wildland fire and the U.S. Forest Service's resources around wildland fire. An analysis of wildfire risk was conducted as a part of the Mitigation Needs Assessment (see Part 2 and subsections, below), and these resources were also reviewed in so far as they were applicable to the most urgent mitigation needs facing the MID areas. The \$202.68 million in CDBG-MIT funds allocated in the Main Notice and the 2021 MIT Notice permit the State of North Carolina to use the CDBG-MIT funds for the same activities, consistent with the requirements of the CDBG-MIT grant, in the most impacted and distressed areas related to both Hurricanes Matthew and Florence.

##### Proposed Use of Funds:

CDBG-MIT is a new funding approach from HUD intended to relieve the repetitive cycle of disaster relief allocations to often-impacted areas of the country. The State of North Carolina was allocated \$168,067,000 in Community Development Block Grant - Mitigation (CDBG-MIT) funds. In Public Law 116-20, the state was allocated an additional \$34,619,000 in CDBG-MIT funds for a total of \$202,686,000 in CDBGMIT funds in accordance with three Federal Register Notices. The administering agency, the North Carolina Office of Recovery and Resiliency (NCORR), an office of the North Carolina Department of Public Safety (NCDPS), will be administering the grant on behalf of the State of North Carolina. References to the HUD grantee and

to the State as a decision-making entity are construed to mean NCORR in all instances. With the limits of the CDBG-MIT funds, it is NCORR's belief that fewer programs operated at a high level of expertise and efficiency can do more for long-term mitigation than many programs or activities which receive significantly less funding. NCORR has determined that a buyout program is the most impactful investment in long-term hazard mitigation. The NCORR philosophy on buyout is that no other mitigation approach definitively and permanently removes a vulnerable property – and vulnerable individual or family – from harm's way. Finally, a small allocation to fund planning activities will allow for excellent plan design, coordination with local and regional entities in plan development, and sufficient public outreach and engagement to drive a plan responsive to the needs of impacted communities. NCORR will set aside five percent of these funds (\$10,134,300) for administrative costs associated with the mitigation activities. An additional five percent of the funds will be set aside for planning related activities, including Action Plan development, public outreach, and coordination on future planning with local and regional coordinating entities. The remaining \$182,417,400 will be allocated to the Strategic Buyout Program. Following the Mitigation Needs Assessment, lessons learned from CDBG-DR, and from community and stakeholder input, 90 percent of CDBG-MIT funds will be allocated to Strategic Buyout. Of the \$182,417,000 allocated to the Strategic Buyout Program, NCORR allocates 97 percent of the funds, or \$177,551,700, to Hurricane Matthew and Florence HUD-designated MID areas based on the mitigation needs assessment and the process for DRRRA selection. Twelve of the sixteen HUD-designated MIDs represent the areas with the greatest unmet needs. The remaining \$4,865,700 in CDBG-MIT funds are reserved for state-identified MID areas which also received a Presidentially-declared disaster designation for Hurricanes Matthew or Florence. Future reallocations may be made and will be based on an analysis of need. As additional information becomes available, NCORR may support additional MID classification for Hurricane Florence impacted areas and update the allocations and the Mitigation Needs Assessment accordingly. Changes to add support for a new MID area would be included in a substantial amendment to the Action Plan. At all times it is NCORR's primary objective to serve both the greatest identified mitigation need as well as addressing the disaster recovery needs of the citizens of the State. With limited available funds and many needs throughout the State, NCORR supports buyout as well as resilient affordable housing as the two best ways to serve the people of North Carolina.

### Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
NCORR	State Agency	\$ 0.00

### Location Description:

State of North Carolina - Homes located in the federally designated or state-designated most impacted and distressed areas of Presidentially-declared counties for Hurricane Matthew and Florence, eligible to receive HUD funds for Mitigation Buyout, must be located in a floodway, floodplain, designated Disaster Risk Reduction Areas (DRRAs), or targeted buyout area.

### Activity Description:

The State of North Carolina has determined through the administration of CDBG-DR funded buyout activities, significant opportunity remains to mitigate against future flood hazards expanding the state's buyout activities. Low and moderate-income (LMI) applicants approved for participation in the Strategic Buyout Program may be eligible to receive funding based upon the pre-storm value for their damaged property minus any duplicative assistance. Properties purchased as a buyout will be maintained in perpetuity as buffer zones. The post-purchase fate of bought out properties will be determined by the State, in consultation with local officials, to ensure these properties best serve the future goals of the community. Homes eligible to receive HUD funds for Buyout, must be located in a floodway, floodplain, designated Disaster Risk Reduction Areas (DRRAs), or targeted buyout area. This LMB Buyout activity was cancelled per the currently approved Action Plan amendment following the completion of expenditure adjustments.

### Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
NCORR	State Agency	\$ 60,369,388.50

### Location Description:

State of North Carolina - Homes located in the federally designated or state-designated most impacted and distressed areas of Presidentially-declared counties for Hurricane Matthew and Florence, eligible to receive HUD funds for Mitigation Buyout Incentives, must be located in a floodway, floodplain, designated Disaster Risk Reduction Areas (DRRAs), or targeted buyout area.

### Activity Description:

The State of North Carolina has determined through the administration of CDBG-DR funded buyout activities, significant opportunity remains to mitigate against future flood hazards expanding the state's buyout activities. Low and moderate-income applicants approved for participation in the Strategic Buyout Program may be eligible to receive additional relocation and affordability incentives that incentivize participants in the buyout program to relocate to safer areas. These areas are outside of the 100-year floodplain, and these incentives are only available to individuals that choose to relocate out of the special flood hazard area. NCORR believes this incentive structure provides maximum choice for buyout participants while maintaining the voluntary aspect of the program.
